BOND HOUSE

Solidor®

Leading the way in secure
composite doors

Introduction

The Solidor Collection is an outstanding range of industry leading, solid laminate, timber core composite doors. Each Solidor exceeds building regulation requirements and combines traditional and contemporary styling with a full range of Secured by Design locking which provides a stunning, high quality and secure entrance to any home.

With a thickness of 48mm, a Solidor door is nearly 10% thicker than most alternatives. Each unique solid timber core is completely encapsulated within a highly durable plastic edge banding and two thermo plastic door skins. This means that your customer will never have to worry about painting or varnishing their Solidor.

These doors are exclusively available in the widest range of styles and frame colour options, (20 colours available, please see page 10) with the option of a mobility threshold, making it the perfect solution for easy wheel or push chair access. We offer a comprehensive range of matching combination frames are available with either glass, matching composite side panel or quarter panels, that will complement the look of any property.

Solidor composite doors are manufactured to the highest standards. We hold BSI Kite mark accreditation BSI ISO 9001 for quality management, BSI EN1279 for insulating glass units.

We are also PAS24:2016 certified, hold CE Marking and Secured by design licences, are members of the prestigious GGF and Association of Composite Doors.

Choosing Solidor®

We understand, that knowing your home and family are protected, is a major factor when choosing your new doors.

You can rest assured that with our door construction, coupled with our unique, reinforced door frame and Secured by Design locking systems, your property will be as safe as can be when you choose Solidor.

The Comparison

A typical foam filled construction

- Only a small section of the door is actually solid.
- Thermally good, but foam filled so not solid, nor secure.
- Gel coated GRP may be strong but it scratches very easily and can be cut through.
- Most other doors have frames containing lead stabilisers.
- The frames are only 3 chambers thick and use valuable steel or aluminium reinforcements.
- Can be cut through in 90 seconds

Solidor® construction

- Lead free, 5 chamber profile with 100% recycled reinforcing.
- Thermally efficient Solid Timber Core.
- Robust through colour thermo plastic skins.
- Realistic wood grain effect or smooth finish.
- Optional integral mobility access aluminium threshold.

**PAS 24
- 2016
CERTIFIED**

7/10 COMPOSITE DOORS ARE
NOT PAS24: - 2016 READY,
SOLIDOR IS!

Security

The **most secure** composite door on the market

Lock options

The largest deadbolt in the UK

Our exclusive Avantis Secured By Design lock gives you the industry's largest 25.4mm dead bolt for added security. It also has built in compression and dampeners to give the smoothest operation on the market.

Key operated multi

If you don't want a handle on your door, you can choose our key operated multi point lock. Cylinder approximately 1060mm from the floor.

Key operated slam shut auto

Activates and locks the door automatically once the door is shut. Comes with a thumb turn cylinder as standard, Cylinder approximately 1060mm from the top of the door

Heritage automatic slam shut

The aesthetics of a traditional rim latch, but incorporating the latest high security multipoint lock, which activates and locks the door automatically once the door is shut. Comes with a thumb turn cylinder as standard, Cylinder approximately 730mm from the top of the door.

Yale Key free

No keys, no hassle, no fuss, all you have to do is remember your PIN number.

The Yale Keyless digital lock lets you choose how you want to open your door. PIN Code, Remote Fob and even from your smartphone when connected to a smart home system. - *Module for smart home system not included.

Supreme security accreditations

Solidor have obtained the highest standards of security and quality.

The **only** hard wood core composite door on the market

ULTION

Fitted on every Solidor as standard

STAYS LOCKED

ULTION MAKES THE UK'S MOST SECURE COMPOSITE DOOR EVEN MORE BURGLAR PROOF

When it detects attack, a hidden lock within the Ultion automatically engages, so that even when snapped twice nothing gets past it. Leaving a key on the inside of the lock won't affect its performance either.

Ultion has passed tests that even the finest 3 star locks can't achieve, making it the UK's best and most secure lock guaranteed.

..........
£1000
GUARANTEE

**IF AN INTRUDER BREAKS INTO YOUR HOME BY SNAPPING
ULTION WILL PAY YOU £1000**

Molybdenum Alloy Core
25% denser than Iron

Resistance Sections
Sacrificed when scrapped

Watch the Ultion v's a standard cylinder video at www.solidor.co.uk/tv

Choose from 11,000+ Colour Options

We offer the *largest range* of colours from stock in the UK. Choose from *20 colours* inside and/or outside of the door, with *18 frame combinations*.

Be inspired...

Introducing 2 brand new colour finishes for your Solidor. The best colour for your door depends a lot on the style of your house, but as a guide, traditional homes generally suit rich colours such as Peacock Blue, while modern homes suit more contemporary shades, such as warm greys or our 'Golden Sand'

With Solidor, you can mix and match! For example, Chartwell Green on White outer frame with Duck Egg Blue on French Grey door.

The Solidor Promise

At Solidor we are committed to doing our part in helping the environment, believing that the future of our planet is important, not only for ourselves, but for the future of our children. With many industry firsts already, we are always looking to pioneer greener products and methods.

That's why we minimise our waste and run an extensive recycling programme. We recycle all of our packaging, polystyrene, cardboard, PVC-u, timber, paper, aluminium and steel. All of the timbers used in our doors are harvested from forests which are managed to meet the social, economic and ecological needs of present and future generations.

Our Green Credentials

Timber can make a significant contribution to sustainable construction

1. Wood is naturally renewable
2. It is independently certified to be sourced from sustainably managed forests
3. Doors with timber cores save energy
4. They last longer
5. They add to our quality of life
6. They have fewer environmental impacts than other materials
7. Complies with minimum U-value requirements for building regulations

- 100% recycled thermally efficient reinforcing system
- 5 chamber lead free thermally efficient profile
- Extensive recycling programme
- Door can be recycled at the end of its useful life, not destined for land fill
- Fully manufactured in the UK to minimise our carbon footprint
- Lead free door skins and edge banding

CONTEMPORARY Italia Collection

The Italia collection from Solidor, is a new generation of truly contemporary designs which will add a touch of style to your home. Carefully designed and crafted from the finest materials, every door in the Italia collection has a definite style inspired by the Italian passion for design.

Each door is handmade in Staffordshire, ensuring the finished product is of an outstanding quality and made as individual as can be. Choose from a range of glass styles and door furniture which have been carefully chosen with the latest fashion and designs in mind. All of the doors in the Italia Collection are also available with Warwick Glass - hand made so no two pieces are ever the same.

As with any product from Solidor, you can be assured of the outstanding quality of our solid laminate 48mm timber core composite doors which combine modern styling with high security locking systems.

Milano

Milano in Anthracite Grey with ES3 1800 door handle and key only security locking option

All Italia doors are available with or without grooves

Brescia

Brescia in French Grey with ES3 1800 door handle and key only security locking option

Genoa

Genoa in Golden Oak, ES3 800 door handle and key only security locking option.

Sorrento

Sorrento in Cream with ES3 400 door handle and key only security locking option

Red	Green	Blue	Black	White	Duck Egg Blue	Walnut	Irish Oak	Rich Aubergine	Chartwell Green

Pilkington Texture Glass Warwick™

This design is unique amongst our patterns because it is produced using a different manufacturing method. Pilkington Texture Glass Warwick™ is a random pattern that is added along the central portion of the pane and this has implications when cutting the glass down into finished sizes. It is possible, if a pane is small enough, it could be cut with no evidence of the pattern at all.

None of the Pilkington patterns are designed to have an orientation (an up side) but care needs to be taken with adjacent panes that the pattern direction is maintained. There is a linear nature to Pilkington Texture Glass Warwick™ and so householders should be aware that there could be aesthetic implications when choosing this design. Also, for the glass supplier the result may be that this pattern is less accommodating when cutting and may result in a greater proportion of seldedge from the original glass plate.

Warwick Glass available in all of our doors

Abstract Glass available in the Pisa, Turin and Siena

Satin Glass available in all of our doors

Traditional Collection

The Heritage collection from Solidor, brings classic designs into the modern era. Each door design is suited to both traditional and modern properties alike, and will add a touch of elegance to every home.

London

Its timeless beauty is down to its most distinguishing feature; the arched glazed panel

French Doors

BOND HOUSE

All of our designs, in all of our colours are available in a French Door option, with a range of handle options, encompassing a high security, adjustable, multipoint locking system. N.B Lever pad is appearance only, split spindle is not available on French Doors.

Available as inward or outward opening doors. Because our French door range is so vast, please contact us for the minimum and maximum sizes before you order your set.

NOTE: Available with UPVC and aluminium threshold on inward opening sets, and UPVC only on outward opening sets.

Flush, integrated two way lever, which throws the shootbolts and removes the need for a lever handle and cylinder to give the option to use our Italia Collection handles on both leaves, alternatively, go for lever operated!

Standard option is both doors to be lever handle operated.

Stable Doors

All of our standard and many of the Italia Collection door styles are available as stable doors, in any of our colours on any side.

All of our stable doors come with a high security, fully adjustable multi-point locking system. They are also keyed alike, benefit from an internal thumb turn cylinder on the bottom half and have a latching security bolt as standard.

Side Panels

Complement your property with a full range of matching full height and half side panels.

***Triple glazed glass**

Accessories and Locks

A selection of beautiful accessories and high security locks to perfectly complement your choice of door. Whether contemporary or traditional you will find an accessory to really make your door stand out.

Locks

Heritage Slam Shut Lock

The Aesthetics of a traditional rim latch, but incorporating the latest high security multipoint lock, which activates the door automatically once the door is shut. Cylinder approximately 730 mm from the top of the door.

Key Operated Multi

Customers who do not want a handle, can upgrade to our Key operated Multi point lock. Cylinder approx 1060mm from the top of the door.

Key Operated Slam Shut Auto lock

The key operated Slam Shut lock is an automatic multi-point locking system has a magnetic trigger in the frame. It features two self-locking hooks to provide additional security and two sealing elements ensure correct closure. Cylinder approximately 1060mm from the door.

The Largest Deadbolt in the UK!

On lever handle doors, we fit our Avantis Secured by Design lock, which has the industries largest 25.4mm deadbolt for added security. It also has built in compression and dampeners to give the smoothest operation on the market.

Authentic deep nose cill for your **Solidor**

Available in 30mm or 50mm

Old imperial bricks varied in height, metric bricks are 65mm. Old timber cills were deep and often aligned with a course of bricks.

At 55mm The Radlington is a modern interpretation of a traditional cill, so if you are replacing your timber cill, the end result will look beautifully authentic.

Upgrade your Solidor with a Radlington cill today, available in 8 stunning Solidor colour colours to match your frame.

"Compared to the generic slimline cills, there is simply no comparison."

Gareth Mobley, CEO - Solidor
